Subject: FINAL DRAFT: EPA Region 8 Press Release: EPA adds Columbia Falls Aluminum Company site to Superfund list (Montana)

Fyi, I have attached a final draft version of a the press release for the final listing of the Columbia Falls Aluminum company plant to the NPL. This is currently slated for release next Tuesday in conjunction with national press release announcing final NPL actions across the country.

I will incorporate boilerplate HQ language- and any final changes from Robert Moler and others- on Tuesday morning and will have this ready to transmit through our systems Tuesday. I will also share with MDEQ and coordinate with Chris Wardell to ensure congs are notified.

Andrew is working with the Bonita Peak team and HQ on a press release for the final listing of the BPMD. I expect your will receive updates from him separately.

Thanks all,

Rich x 6654
